Varioport Specht -90

Manufacturer:	Greggersen
Product Number:	902121

Description

Portable Suction Unit Varioport with Compressed-Air Vacuum Regulator Specht -90

Medical, portable suction unit for compressed air
to accommodate 2 secretion collection jars.

The jar holder is universal. Standard jars in
sizes from 0.5 to 3.0 L from various manufacturers can be used
(e.g. Serres, Abbott, Medela, Ardo, Cardinal, and many others).
The carrying frame features a sturdy handle and a bracket for
a 25x10 mm equipment rail. The control unit is located
at the front, allowing the operator quick and direct access.
The gas inlet as a NIST coupling is located at the rear of
the unit so that the supply hose remains outside the working area.

Scope of Delivery:

© 2026, Greggersen Gasetechnik GmbH

- Compressed-Air Vacuum Regulator with fine-metering and quick-shut-off valve
- Vacuum Gauge
- Carrying frame, coated
- 2 highly flexible retaining cuffs

Technical Data:

Gas Type: Compressed Air / AIR

Inlet Connection: NIST in accordance with DIN EN ISO 18082

Outlet: 9/16-18 UNF with vacuum tubing nipple

Control Range: 0 to -85 kPa (0 to -0.85 bar)

Weight: approx. 3 kg (without jars)

Properties

Gas Type	AIR Compressed Air
Inlet Standard	NIST
